

Dear Argusville, North Dakota Resident:

The City of Argusville has joined the growing ranks of cities in our area which are helping to protect our environment by recycling, and your city now has the same level of recycling service as other cities in the metro area. You will find that Single Sort Recycling is very easy, and we know you will enjoy being able to recycle right at home. There are a few important points to know about your new recycling program:

- With your new recycling program, you will be able to recycle many items. Please familiarize yourself with the included acceptable materials guidelines included in your packet of information. When in doubt about being able to recycle an item, DO NOT put it into your recycling cart.
- Very important. Please DO NOT put the following items in your cart: FOOD WASTE; PLASTIC BAGS; FOAM CUPS/CONTAINERS AND NEEDLES. Also, DO NOT bag recyclables. Recyclables must be put loose inside the cart.
- On windy days, you may want to “cap” the recyclables in the cart with piece of cardboard.
- Collection is performed every-other-week on Tuesdays. Please see the included calendar.
- **The first collection day is TUESDAY, APRIL 3, 2018.**
- On collection day, please have your cart out before 7AM. The backside, where the wheels are located, should be the side closest to your driveway.
- All collection will be done curbside, and there will be no alley collection.
- Please leave 3 feet or more of open space around your garbage and recycling cart on collection day.
- All items must be in the cart on collection day. Items outside of the cart will not be picked up.
- For cart repairs or questions about your service, contact Waste Management at 701-277-0714.
- Thank you for recycling and visit www.recycleoftenrecycleright.com for more information.

Sincerely,

The Staff at Waste Management
